COOK COUNTY SHERIFF'S POLICE DEPARTMENT
TOWING VENDOR SUGGESTED PRICE LIST

The following is a list of approved Cook County Sheriff's Police Department towing service prices. These prices were established utilizing towing service information from other police agencies within Cook County, including the Illinois State Police-District Chicago and various tow companies operating in Cook County.

The established prices are based on routine towing services provided by CCSPD towing vendors. The approved CCSPD towing vendors may deviate up or down from the established price list, not to exceed 15% of the listed price. The approval of this deviation may only occur if it is determined that a particular situation merits the price adjustment. However, when deviation from the established price list occurs, the towing vendor will be required to provide the customer and the CCSPD Auto Relocation Unit the reason(s) for the deviation from the approved price list. If the deviation from the established CCSPD Suggested Price List cannot be justified to the satisfaction of the CCSPD Auto Relocation Unit, a refund to the customer of unwarranted charges will be suggested to the towing vendor. ***Consistent unjustified deviation from the suggested price list in the form of higher charges will be cause for removal of the towing company from the established CCSPD authorized towing vendor list***.

NOTE: NO STORAGE FEES ALLOWED TO ACCRUE ON VEHICLES UNDER INVESTIGATIVE HOLD
